? Did You Ever ?

Buy your Supplies in this Province when the seller had less than 10 per cent profit on the deal? You are doing so in a great many cases in Cowley to-day. I believe I have been instrumental in forcing prices down where you can afford to deal at home, instead of sending your money away for goods. A further shipment of Sheep Lined Coats, Stanfield's Unshrinkable and Mackinnon Suits, Fleece Lined Underwear Shirts, Sox, Mitts and Gloves just arrived. A full stock of Staple and Christmas Groceries, Patent Medicines, Stationery and Xmas Cards.

D R McIvor

Cowley

Alberta

Cowley and its Neighborhood.

F. W. Doubt went out to Mountain Mill Sunday.

J. L. Weckell shipped a car of grain on Tuesday last.

A. H. Gunn visited Pincher Creek during the week.

W. T. Eddy, of Lundbreck, was in town during the week.

Tweedy Bros. are rushing the work on the new Anglican church.

C. M. Eastbrook made a shipment of grain from here Monday.

Several cars were loaded with grain from the elevator this week.

The C.P.R. have a gang of men engaged on the railway bridges.

The Cowley day school closes next week for the Christmas holidays.

All sorts of candies, fruit and stationery at Kean's. Come and see.

Seating was fairly good on the lake this week and was well patronized.

Mrs. Thomas has accepted a position in the Alberta hotel dining room.

It would pay you to call and see Kean's display of Christmas Novelties.

A. H. Knight is opening up large quantities of general stock and trade is brisk.

The children of Cowley are racing to Kean's store for Dolls, Toys, Christmas Cards and Presents.

Mr. Jordan, who is superintending construction of the North Fork bridge was in town on Monday.

Who says our climate is not ideal, or our atmosphere bracing? December the 17th and no snow.

Monday was a busy day in Cowley. Many farmers were in town to do their Christmas shopping.

Some folks are talking of going to Lethbridge for their "Christmas Pudding." They're raisin' puddings out there.

Miss Follen, teacher at Livingston, spent Saturday and Sunday in town, the guest of Mr. and Mrs. H. C. Morrison.

The price of wheat is slowly but surely on the rise. Many of our farmers will hold their grain till prices are satisfactory.

In the case of Bowerman vs. Drewry, which was heard about a month ago, judgment has been delivered in favor of Drewry.

Wheat is being drawn in from distant farms for shipment. The prevailing weather affords a splendid opportunity for trucking.

W. C. Robinson has a gang of men engaged constructing his chopping mill. The engine and machinery are on the spot ready to be installed.

J. B. Morrow, son of our school teacher, paid a visit to Cowley last week. Mr. Morrow has been residing at Chester, Montana, and purposes taking up ranching in Alberta.

The peculiar properties of Chamberlain's Cough Remedy have been thoroughly tested during epidemics of influenza, and when it was taken in time we have not heard of a single case of pneumonia. Sold by all dealers.

Tweedy Bros., contractors, have taken over the business until recently conducted by A. H. Gunn, and will carry lines of agricultural implements and machinery, as well as conduct a general lumbering trade.

Henry Parker, our popular butcher, met with a very painful accident last week. In walking over some ice he slipped and fell, breaking the small bone of one of his legs. It will be some time before Mr. Parker will be able to get about again.

The greatest danger from influenza is of its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by all dealers.

Messrs. Baker and Still have sold their Calgary Hotel and purchased the Alberta Hotel in Innisfail, Alta. The Alberta is a splendid hotel and is thoroughly up-to-date. The purchase price was \$28,000.

A COLLISION AT THE CAVE

Two Engines Crash Into Each Other--No One Seriously Injured

Two freight engines pulling light trains crashed into each other about eight miles west of Coleman on Wednesday evening. Each were running at fifteen miles an hour and when they struck they were both stood on end. Neither engineer saw the other approaching train until they were within a hundred yards. Then they hastily set the brake and reversed the wheels and jumped. Both engineers and firemen reached the ground in safety.

The only person to receive any injuries and later it has been found that they are slight, was a brakeman on the west bound freight. He was caught between two cars but managed to get away before the second lunge.

It took almost twelve hours to clear away the wreckage and permit the passenger trains to go ahead. The passengers who were on the east-bound mail train were held over at Crow's Nest.

Happenings at Blairmore

Mrs. H. E. Lyon returned from the East Wednesday.

The lights are on and Blairmore shows up to advantage these days.

Cement is now being turned out at the Rocky Mountain plant.

Capt. W. A. Beebe is a business visitor at Spokane this week.

John F. Wilson was in town on Monday from Coleman.

W. A. Beebe returned home Friday morning from Edmonton.

E. Morino left for Italy on Saturday night's express.

Hiram Biggs was discharged from the Frank hospital Tuesday.

Steve Manshan of Fernie, is a visitor in the city this week.

A. Muts, the Fernie brewer, was a business visitor in the city on Friday.

C. Dempsey, manager of the Maple Leaf mine, was in town on Tuesday.

Archie McLean sold John F. Wilson's house and lots on Sixth avenue yesterday.

Dr. Warcock of Pincher Creek, was a business visitor in Blairmore yesterday.

F. E. Hinds moved into the new residence in the Pelletier division this week.

It is rumored that H. E. Lyon, F. Hinds, and S. Acheson are going to form a real estate company.

Owing to the loss by the C.P.R. of the poles, the lights are not yet in operation on Blairmore's main thoroughfare.

The boys are talking hockey these days, but will first have to defeat the married men before they tackle any outside team.

H. J. Matheson left for the South Fork Tuesday, where he has a gang of men developing the properties of the North Kootenay Pass Collieries, Ltd.

The Blairmore mine loaded nearly five hundred tons of coal one day this week. "That's going some" for a mine which has only been in operation a few months.

Dr. Lyon, of Shawville, Que., passed away last week at the age of 71. He was a brother of the late Judge Lyon, of Ottawa, and uncle of H. E. Lyon, of this place.

Many persons find themselves affected with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run on until it becomes troublesome. Sold by all dealers.

H. E. Lyon, district agent of the Great West Life Assurance Company reports business good during the last two months. The Great West leads all others in the life insurance business, their earning power being greater by a third than any other company in the business. The policies being sold by the Great West are no far ahead of those being offered by other companies that this leading and wide-spread company have little or no competition in the territory covered by Mr. Lyon.

Tweedy Bros

CONTRACTORS & BUILDERS

Having taken over the business formerly conducted by A. H. GUNN, are prepared to handle all kinds of Farming Implements and machinery, and with strict attention to business and reasonable rates hope to secure a share of your trade. Lumber yard in connection. Cowley, Friday, December 17, 1909.

CHRISTMAS

Just another week and we shall be commemorating the most joyous of all known world events--the birth of Christ. Time seems to slip by like the wind, and we seem but to have time to mount one half of the year when the chill breezes waft in another Christmastide.

Now is the season when greetings by millions are being extended one to another. Old friendships are being renewed, and old, old stories of by-gone days are being repeated. The old fire-place is adorned with evergreens and surrounded by the members of the household, watching the embers sparkle and glimmer while gladness stories are being related.

This, indeed, should be the happiest Christmas in the history of Alberta. The year has been one abounding in success, and crops have been such that call forth an offering of thankfulness to the great giver of our bountiful stores. Fortune and misfortune have not worked abroad, for fortune has certainly held the sway.

During the year the death reaper has been busy, and but recently through the agent of fire one home has been made sorrowful, and the husband has to shudder at the sight of a vacant chair, in which a few weeks ago sat one who was to be the light and comfort of his home. Christmas, as well as a season of greetings, should also be a season for the extension of sympathies. In our season of merriment we are apt to forget the sorrowing and cheerless, whose hearts are breaking as before them appear features of those now lying in the graves. Let us be joyful, but not forget to lighten another's burden of sorrow.

EDITORIAL NOTES

It's a red-hot Xmas they're 'aving in the owl country.

The snow loses a lot of its texture when placed on a warm stove.

While we are thus waiting, the census like the collection may be taken up.

Hon. Duncan Marshall is in Ontario studying farming, which is a most congenial occupation in winter.

If you would like to exchange your quiet life for a bit of the real, take a jaunt over to John Bull's country. They hit it clinches over there.

We hear the Blairmore business men have determined to expend \$3,000 on improving the road to the South Fork. This enterprise would be of more material benefit than six local industries.

John Stocks has at last come out flat-footed on the road question. In an interview he told a responsible person that the road from the prairie to the B.C. boundary line would be completed by June, 1910.

Dr. Tory, President of the Alberta University, will shortly tour the province. He is going to "introduce" on the curriculum of the university an advanced course on hog raising, and he points with pride at the progress he has made himself.

ARTHUR C. KEMMIS.

Barrister, Notary Public.

PHONE 57. PINCHER CREEK, ALTA

MILER AT FRANK IS SUFFOCATED

Were Putting in Timbers, When A Cave-in Occurred--Verdict of Accidental Death.

A fatal accident occurred in the Frank mine of the Canadian Consolidated company at six o'clock last Monday evening in which John Petak lost his life by suffocation.

Petak and his partner, Louis Weir, were engaged in putting in a set of timbers in a counter off one of the angles where it was feared there was danger of a cave-in. They had been cautioned of the possibility of danger and were instructed to get the job in as quickly as possible and without waiting to move any coal, but apparently the coal ran and they were obliged to move half a dozen cars, or thought they were, before putting in the timbers. After moving the coal, they were setting up the legs when the big cave-in occurred. Petak was buried completely. Weir could see to do nothing without light, and he was obliged to make his way out to the angle to procure light and assistance. By the time he returned with other miners and light, and succeeded in uncovering Petak, the unfortunate miner was dead.

An inquest was held today by Coroner F. M. Pinkuev, the jury returning a verdict of accidental death but recommending that the company provide a safety lamp capable of being re-lighted in the mine when from any cause it goes out, as it appeared from the evidence, had Weir had light he would have saved the life of his partner.

The deceased was thirty-five years of age and a native of Germany. He leaves a family of a wife and three children and a brother, Wm. Petak, resident in Frank, and numerous relations in the old country.

PASSBURG HAS A FUTURE

(Lethbridge Herald)

The prospects that Passburg will in the near future justify having a position on the map and an important one at that, are very bright. The Leitch Collieries, founders of the town, is carrying on extensive development work and the strength of a very much augmented pay roll a growth of the town that promises to be very substantial, is setting in.

The company has nearly completed its spur line to the new mine being opened at Police Flats. The road will be ready for operation by the first of the year and shipments from the new mine will begin then. It is expected to start out with a hundred tons a day and as development of the seam is well advanced, the output is expected to grow rapidly. The company's original mine is now in good condition to turn out a good sized tonnage and but for the shortage of cars would be an important factor in the market. With the passing of the car stringency and the resumption of operations at full capacity the company will take a position among the extensive shippers.

With the improved prospects, the town is building more rapidly than at any time in the past. Mainly the buildings going up are residences and the number is considerable, but in a short time, one of the first adjuncts of a town, a first-class hotel, will be supplied. The projector is T. H. Duncan, of Michel, who will shortly begin the erection of the building.

There is now talk of organizing as a village and petitioning for the construction of a school and altogether the outlook for much progress next year is most encouraging.

REPAIRING ROAD IN PASS

It is now reported that the government has decided to make sufficient repairs to the road through the Pass to put it in passable condition for the winter. In response to an appeal from the Blairmore village council, Mr. Calder, of the department of public works visited the district the last of last week and authorized repairs to the bridge over the Old Man west of Blairmore and some other work necessary to put the road in a safer condition for the winter.

McLaren's Mill

F. T. Mercer is the possessor of one of the finest checker libraries in the West.

Louis Sanbury, who was working in camp No. 4, was taken to the Frank hospital this week. Violent small-pox is the cause of his illness. Every precaution is being taken at Frank.

One of Alex. McLaughlin's log huts, camp 3, met with a very serious accident on Tuesday last, having his face broken. He was taken down to the hospital at Frank, where he is being attended to by Dr. Malcolmson.

F. T. Mercer is a member of the Canadian International Checker Team who cross swords with our neighbors across the line. The tournament commences this month and in all probability will last twelve months. We shall follow with much interest every stage of the game.

Lille Jottings

Dr. and Mrs. Chas. Foster left for Spokane on Monday.

Inspector Bohler of the R.N.W.M.P., paid Lille a visit on Tuesday.

Mr. and Mrs. J. J. Thomas of Frank, were visitors in Lille on Friday.

Rev. W. Armstrong of Diamond City, left on Saturday and returned to Lille on Tuesday.

Constable Manson has resigned from the R.N.W.M.P., after five years' service and is succeeded by Constable Meekin of Frank.

Coroner Pinkuev was notified on Tuesday morning of the death of John Petak through an accident in the Frank mine and an inquest was held on Tuesday afternoon at the police barracks in Frank. Particulars will be found in another column.

The Best in the West AND THE WEST THE BEST

The evenings are growing long and cold. An easy chair and a paper beside the heater begin to look good. It is time to decide what papers to take; we say papers, for the time is past when the farmer is satisfied with one periodical in his home. Here is an offer that will interest you now, and meet the needs of readers of both sexes, young and old, during the long winter months when the papers have become family friends.

There is the *Weekly Free Press* and *Prairie Farmer* with the news of the world and live departments for the farmer, his wife and the young people; *The Nor-West Farmer*, issued twice a month, the recognized farm paper of the west; *The Western Home Monthly*, full of bright stories and interesting information for every member of the family.

These three publications, including your own home paper with all the local happenings, four papers in all for \$3 a year.

Find enclosed the sum of \$3.00 for which send the papers mentioned below to the following address or addresses—

Weekly Press and Prairie Farmer.

The Nor-West Farmer.

Western Home Monthly.

Cowley Chronicle

Send all Orders to the Office of This Paper.

BILLY BURROWS

AGREEMENT

We, the undersigned, agree to box 12 rounds in the Coleman Opera House on Monday, Dec. 20th, 1909. We further agree to box Straight Rules, with 4 ounce gloves, the winner to take 75 per cent. and the loser 25 per cent. of the house receipts.

Signed: Charley Robinson

Billy Burrows.

Witnesses: A. Paterson,

W. Richardson.

MARRIED

At Coleman, on Thursday evening at eight o'clock, by the Rev. T. M. Murray, Mrs. A. McClure to H. McLeod. Marriage took place at the groom's residence.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by all dealers.

WILL SUPPORT THE LIBERALS

The central committee of the Irish Nationalists at a meeting today decided to support the Liberals in the general election. Premier Asquith's recent declaration at Albert Hall concerning home rule for Ireland is satisfactory.

ALBERTA CHEESE AND BUTTER OUTPUT

The output of butter from the Alberta creameries has reached 70 p.c. in the past two years. During the season 11 cheese factories and 54 creameries were operated. The cheese output will aggregate \$28,000, a slight increase over last year. The butter production will reach a total of 2,500,000 pounds for the twelve months ending October 31st and representing a value of \$600,000, as against 2,100,000 pounds manufactured in the 51 creameries during the corresponding period of last year and worth \$329,800.

OUTPUT OF MINES AROUND FERNIE

General Manager Ashworth reports that over 2,000 tons of coal are being turned out daily at Coal Creek mines, and as much at Michel, thus making an average of over 4,000 tons a day from all the mines. About 800 tons of this coal is being turned into coke at the Fernie ovens and nearly as much at Michel.

The mercenary mines are not being worked now and it may be some time before they will again be operated, as new development work both at Coal Creek and Michel is occupying the attention of the management at present.

GETTING THE BEST OF US

(Saturday Globe)

Canada is getting the best of us in the exchange of population. While we are absorbing a desirable element we are sending the very best in return. What is more, we are doing more for her than she is doing for us. In October the number of our people who sought opportunities in the Dominion for bettering themselves was as large again as the number who sought her out in October, 1908. Which goes to prove that those who went ahead are writing back that they have done well. This experience is the reason for the flocking northward of so many of our best element and it looks as if this begins was only beginning. Sixteen years ago it was a different story. At that time a general depression in trade compelled thousands of young Canadians to seek employment in our land. They are now returning to the northland of promise.

The Christmas shopping trade got well under way this week, and, judging by the stocks laid in by local merchants, will go merrily on for the next week. Christmas is always a time of stress and worry to shoppers and store assistants, of which much might be saved and greater satisfaction obtained, if the shoppers would set about securing their Christmas presents earlier in the month. As a general rule, so good bargains can be secured earlier as later in the season, besides a greatly better choice. Storekeepers and clerks are better able to give close attention to their customers now than they will be a week hence and it will repay those in search of Christmas presents to scan carefully now the holiday offerings advertised in this and succeeding issues, make their choice early and have their gifts set aside, so as to secure the best selections with the least annoyance and trouble to the overworked store staffs.

The Bengough entertainment promises to be far more attractive and entertaining than at first thought. Besides the famous cartoonist there will be many of our local singers and musicians taking part. Mrs. McCauley will sing a solo and Miss Disney render several instrumental. The following gentlemen will also sing solos: R. R. Webb, T. Layshon and W. H. Haysun. The Coleman band will also be present to render many selections.

If you are suffering from biliousness, constipation, indigestion, chronic headache, invest one cent in a postal card, send to Chamberlain's Medicine Co., Des Moines, Iowa, with your name and address plainly on the back, and they will forward you a free sample of Chamberlain's Stomach and Liver Tablets. Sold by all dealers.

The store of quality.
Prescriptions carefully compounded by experts.

We have just received \$2000.00 stock of Crockery, all imported goods, in beautiful designs. Tea Sets, Dinner and Fancy Berry Sets, Japanese ware etc. We have brought them direct from the maker, thereby saving the middleman's profit. The public benefit in this deal. Manufacturer's prices on all goods.

NEW LINE IN STATIONERY
You can't beat our 25 cts. box of stationery sold elsewhere for 35 cents. Leather stock replete with new goods. Bells good and strong ink up. Purses and satchels, special lines in Black Leather, real strong, worth double the price, only \$1.00.

SPECIAL INDUCEMENT TO CUSTOMERS
We give \$5.00 and \$10.00 tickets on demand to householders. Every purchase is marked on the card and when filled a silver spoon, fork or knife is given gratis.

It will pay you to see over our large and varied stock.

Pianos & Organs

Having received a large shipment of pianos from our factories that have
been taken in exchange for pianola pianos in Toronto and elsewhere, and
as these pianos are all in splendid condition, some even better than new and
all looking like new, we are going to offer them to the people of the Crow's
Nest Pass as an extra inducement for them to get their Pianos for Christmas
time. There are also a great number of used Organs included. Remember,
both Pianos and Organs are guaranteed by the Mason & Risch guarantee,
which provides that your money be refunded if not satisfied. We can do no
more than this. What will your Christmas be without music? Get your
Piano or your Organ now at

Mason & Risch Co's Store, Calgary
